PRELIMINARY AMENDMENT

Sir:

This amendment is submitted to make two corrections to the Specification and to submit new claims and amended claims for reasons set forth below.

IN THE SPECIFICATION

The amendments to the paragraph of the Specification beginning on line 179 are presented on a separate sheet of paper and submitted herewith in accordance with 37 CFR 1.125.

The sentence beginning on line 185 has been deleted to avoid confusion.

The amendment beginning at line 194 is made to clarify that Figure 15 shows that the intended means for support is comprising the spindle 62 attached to base 70, and not the base 70 alone.
